During these uncertain times, ensure the safety of your teams with *Performance's* Covid-19 Physical Distancing products. Organize your workspaces with our protective shields which can be fixed or mobile, and are ideal for creating partitions while maintaining design integrity. We're sure to have a solution that will work for you.

covid-19 ↗ physical distancing products

borders ↗ desk mounted shields

Borders panels can be retrofitted to most laminate work stations in a manner that allows you to protect your workspace the way you want. Whether you choose 24" or 36" high panels, Borders has a solution that will work for you throughout these difficult times.

features

- revised Borders panels
- made of clear acrylic
- available as a 20"H panel
- widths match current panels
- works with 24"H Border posts, to leave approx. 4" pass through at the bottom
- can also work with 36"H posts to stack above or below a standard 12"H Borders panel

FURNITURE GROUP, LTD

borders ↗ clamps + plate brackets

Borders panels are attached using the below clamps and plate brackets. They fit both the 24" and 36" high panels.

- Borders post clamp mount - silver
- sold as a pair (one left, one right)
- mounts to the bottom of a Borders post, then clamps to the overhang of a desk top

- Borders post plate mount - silver
- sold individually
- mounts to the bottom of a Borders post, then sits on the desk top
- has double sided tape to adhere to the desk top — no drilling required

desktop screens ↗ mobile
