HOW TO RECEIVE YOUR LOCAL DELIVERY

Step 1

Unload product and collect paperwork

When your shipment arrives, you will be responsible for removing the pallets from the truck using a forklift or pallet jack unless additional shipping services were requested at time of order.

Step 2

Upon receipt- Visually inspect all pallets and cartons

Before the driver leaves walk completely around each pallet and visually inspect all items.

The shipment should arrive stacked evenly, wrapped in plastic, and banded.

- If there is any visible damage you must mark "DAMAGED" on the delivery driver's receipt.
- Damage includes boxes that are crushed, ripped, have holes, scuff marks, shoe prints, or any product falling off pallet.

Before the delivery driver leaves count the number items to ensure that all product was delivered. Smaller items may be combined into a larger box. Note any discrepancies on the delivery receipt.

If all items are in good condition, and your order is complete, sign delivery receipt free and clear.

Step 3

Complete the delivery inspection

Within 48 hours of delivery all items must be externally inspected for damage and reconciled with the Sales Order. Review that each of the boxes you received are correct as ordered on your order acknowledgment.

Prior to installation all boxes and packages must be inspected internally for damages. In the event of damage or defective items:

DO NOT THROW AWAY THE CARTON OR PACKING MATERIALS AND DO NOT ASSEMBLE THE PRODUCT.

Do not throw away cartons or packing materials until instructed to do so by RMFG.

Your claim will be denied if you discard packaging material or begin assembly of any damaged products.

- Take photos of the damaged box before removing the items.
- Take photos of the damaged area and the entire box including the item number and PO number on the outside of the box.

Step 4
